

AGENDA

Every Newborn Action Plan Metrics in partnership with Ending Preventable Maternal Mortality Technical Design Workshop for Facility-based Research Focused on Coverage Metrics

20th-22nd April 2016

[Beaumont Estate](#), Old Windsor, UK

Wednesday 20 th April 2016			Responsible
		<u>Chair WHO</u>	Jon Simon
09:00-10:30	PLENARY 1	<i>Opening welcomes CIFF perspective Introductions</i>	Matthews Mathai, Joy Lawn Simon Azariah All participants
	Opening	<i>ENAP measurement improvement roadmap</i>	Joy Lawn
<i>10:30-11:00 Coffee Break</i>			
		<u>Chair UNICEF</u>	Agbessi Amouzou
11:00-13:00	PLENARY 2	<i>Facility-based testing research</i>	Hattie Ruysen, Hannah Blencowe, Sarah Moxon
	Overview of research protocol	<i>Use of observers and training, checklists (20 mins including discussion)</i>	Barbara Rawlins & Tariq Azim
		<i>Use of film records; remit, analysis and challenges</i>	Allisyn Moran and KC Ashish
<i>Group Photo!</i>			
13:00-14:00	<i>Lunch</i>	<i>Restaurant Main Section (Side meeting – Measurement agenda for Beyond Survival)</i>	<i>Cally Tann, Ashok Deorari et al)</i>
14:00-15:00	GROUP WORK A	Intervention specific indicator group work	Facilitators
		<ol style="list-style-type: none"> 1. Uterotonics 2. KMC 3. Resuscitation 4. Treatment of pSBI 5. Antenatal corticosteroids (note sample size is underpowered for ACS, and focus will be GA metrics and safe use) 	Allisyn Moran & Rima Jolivet Goldy Mazia & Sarah Moxon KC Ashish & Hattie Ruysen Troy Jacobs & Steve Wall Alfred Osoti, Jim Litch, Joy Lawn
		Indicator group Task 1: Primary research question and tools	
<i>15:00-15:15 Tea Break</i>			
15:15-18:00	GROUP WORK A cont.	Indicator group work task 2: True Denominator	
		Indicator group work task 3: Additional questions	
<i>19:00 Banquet Dinner Beaumont</i>			
Thursday 21 st April 2016			
08:30-09:00	Overview of research sites	<i>Introduction to the Country teams and testing sites Bangladesh Tanzania</i>	Shams El Arifeen Theopista Johns & Mary Azayo
09:00-10:30	PLENARY 3	<u>Chair (UNFPA)</u>	Luc de Bernis
		<i>Group work feedback</i>	
<i>10:30-11:00 Coffee Break</i>			
11:00-13:00	GROUP WORK B (Methods)	Methods group work	
		<ol style="list-style-type: none"> 1. Analysis planning for denominator options for testing. 2. Training observers 3. Filming, including ethics, methods, and analysis 4. Pre-discharge interviews to assess maternal recall 5. Qualitative health-worker interviews to assess barriers and facilitators to data recording 	Hannah Blencowe, Simon Cousens & Angela Baschieri Barbara Rawlins & Tariq Azim Allisyn Moran & KC Ashish Agbessi Amouzou & Kavita Singh Lara Vaz & Ann Marie Bergh

		6. Knowledge management/dissemination	Olive Cocoman & Dorothy Boggs (supported by Mary Kinney)
13:00-14:00	Lunch	<i>Restaurant Main Section</i> <i>(Side meeting, Metrics for Chlorhexidine Cord Cleansing</i>	<i>Trish Coffey, Allisyn Moran et al)</i>
14:00-16:00	GROUP WORK C <i>(Systems)</i>	Systems and integration group work 1. Statistical design issues (eg AUC), data collection, database design and checks, plan for analysis 2. Service readiness for small & sick newborns (linked to EmOC) 3. Perinatal audit (linked to MDSR) 4. DHIS platforms and linking to these from the start 5. Birth certificate registration for all facility births 6. Birth weight measurement for all facility births	Joanna Schellenberg, Simon Cousens & Shams El-Arifeen Sarah Moxon & Queen Dube Matthews Mathai & Florina Sebanescu Ola Titlestad & Wilfred Senyoni Debra Jackson & Joy Lawn Hannah Blencowe & Ashok Deorari
16:00-16:15	Tea Break		
16:15-17:30	Plenary 4	Chair Feedback from group work Planning ahead, take home actions	Suzanne Fournier Joy Lawn and Hattie Ruysen
19:00	Dinner	<i>Beaumont : For all still staying at the hotel</i>	

ADDITIONAL PREPARATORY AND ADD-ON MEETINGS

Tuesday 19th April 2016

Purpose: Time to review final plans for workshop

Participants: ENAP/EPMM Metrics coordination group, Presenters, metrics team coordinators

20:00 Informal summary of workshop and key issues to focus on outputs Hattie & Joy

Dinner for those who opt in (please contact ENAPmetrics@lshtm.ac.uk to book your place)

Friday 22nd April 2016

Purpose: Consider workshop outputs and undertake more detailed country planning

Participants: Bangladesh and Tanzania country teams with ENAP/EPMM coordination group and one/two representatives from the indicator specific groups

09:15-10:30 **Meeting/discussion**
Buckingham 4
Implications from workshop
Review of workshop outputs
Overview of timelines for Bangladesh and Tanzania
Agreement on next steps to finalise protocol and tools and plan IRB submissions
Identification of remaining gaps or new items needed
Brief overview of plans for measurement of service readiness for small and sick newborns

10:30-10:45 *Coffee Break*

10:45-12:45 **Small group Meetings**
Buckingham 4
Planning for Bangladesh research sites
Planning for Tanzania research sites
Planning for Malawi service readiness small and sick newborns
Intervention specific teams additional time as needed to plan for

- Uterotonics
- KMC
- Resuscitation
- Treatment of pSBI
- Antenatal corticosteroids

12:45-14:00 *Lunch Restaurant Main Section*

Please share any relevant research tools, observation checklists or supporting materials, in addition to questions or comments regarding the agenda with harriet.ruysen@lshtm.ac.uk
