

AGENDA – WORKING DRAFT

We are celebrating 20 years of the Save the Children’s [Saving Newborn Lives](#) (SNL) initiative and the global newborn health movement through a series of webinars. The webinar series will highlight global accomplishments and cover key technical, programmatic, advocacy and policy topics, along with discussions on the continued importance of newborn health and care, particularly in times of crises such as the COVID-19 pandemic.

Every Tuesday and Thursday from Sep 29 to Oct 15 2020, health experts and practitioners from around the world will join the [SNL Legacy e-Talks](#) to present the groundbreaking work done in the last two decades. Day topics and sessions are detailed below.
