

# Forming and strengthening Perinatal mortality review teams

Day 1 Session 7

# Session objectives

---

- Learn how to form or strengthen existing QI or MDSR or MPDSR committees at health facilities to optimize PDR processes?
- Learn how to form or strengthen existing QI or MDSR or MPDSR committees at district level to optimize PDR processes?
- Describe existing and/or potential linkages between MPDSR and quality improvement (QI) structures at facility and district level?

# Group work

---

- Please see exercise: Forming and strengthening MPDSR teams and processes
- Ask learners to divide into small groups based on whether they work at the facility or district level. Facilitator will distribute a copy of the handout to each learner group.
- Team to complete the exercise
- Regroup to share group outputs based on session objectives.
