

A WEBINAR SERIES  
6 MAY - 12 AUGUST 2020

# TRANSFORMING CARE FOR SMALL & SICK NEWBORNS

Join the discussion with leading experts on neonatal health in this webinar series.

They will present findings of the *Survive and Thrive: transforming care for every small and sick newborn* report, share country experiences in improving quality of care for newborns, and introduce the World Health Organization's new standards of care for small and sick newborns.

*Morning and afternoon sessions offered.*
